NATIONAL GENDER WORKSHOP

23 NOVEMBER 2021 | 10.00 (CET) | ZOOM PLATFORM

On behalf of the European Bank for Reconstruction and Development (EBRD) Green Economy Financing Facility Serbia Leasing (GEFF Serbia Leasing), we invite you to attend an online National Gender Workshop, which will take place on 23 November 2021 at 10:00 am Belgrade, Brussels time (CET) / 09:00 am London time.

GEFF Serbia Leasing aims to reduce gender gaps and promote women's access to climate finance, contributing to women's full participation in the green economy.

As part of GEFF Serbia Leasing, a Gender Baseline Assessment was carried out, surveying more than 100 respondents through interviews, focus groups and a survey questionnaire. The objective was to build a better understanding of male and female business leaders' awareness of climate change risks; their differentiated needs, priorities, vulnerabilities to climate change and coping strategies; as well as their access to climate finance for adaptation and mitigation measures.

The GEFF Serbia Leasing National Gender Workshop will present an overview of survey findings and bring together key stakeholders to jointly discuss ways to facilitate mainstreaming of gender aspects into green financing in Serbia.

Cordially,
The GEFF Serbia Leasing Team

U ime Evropske banke za obnovu i razvoj (EBRD) i Linije za finansiranje zelene ekonomije (GEFF Srbija lizing) pozivamo vas da učestvujete u Nacionalnoj radionici o rodnoj ravnopravnosti, koji će se održati 23. novembra 2021. godine u 10h (CET - Beograd - Brisel) odnosno 9h prema londonskom vremenu.

GEFF Srbija lizing ima za cilj da smanji rodne razlike i da poboljša pristup žena sredstvima za finansiranje projekata koji su u vezi sa klimatskim promenama, čime doprinosi njihovom većem uključivanju u zelenu ekonomiju.

U okviru programa, kroz učešće više od 100 ispitanika, sprovedeno je kvantitativno i kvalitativno istraživanje o rodnoj ravnopravnosti. Cilj je da se bolje razume shvatanje muških i ženskih poslovnih lidera o rizicima koje donose klimatske promene; njihove različite potrebe, prioritete, osetljivosti na negativne uticaje klimatskih promena i strategije za njihovo prevazilaženje; kao i njihov pristup sredstvima za finansiranje mera za prilagođavanje i ublažavanje klimatskih promena.

Nacionalna radionica o rodnoj ravnopravnosti će predstaviti rezultate istraživanja koje je GEFF Srbija lizing sproveo i ujedno će okupiti zainteresovane strane koje će razgovarati o načinima da se olakša uvođenje rodni aspekata u zelenom investiranju u Srbiji.

Srdačno,
GEFF Srbija lizing tim
