Where finance and green technologies meet

Commercial | Residential

GEFF Tajikistan provides finance, advice and incentives to private sector to contribute to Tajikistan's sustainable economic growth. GEFF Tajikistan helps businesses, farmers and individuals to reduce energy and resource-related costs and improve competitiveness through high performance technologies and business expansion along the agri-value chains.

GEFF Tajikistan is a product of the European Bank for Reconstruction and Development, working in cooperation with the European Union, the Green Climate Fund and the Republic of Korea.

This project is funded by the European Union

In partnership with:

Who is eligible?

Eligible applicants are private sector companies and individuals:

- Micro, small & medium enterprises*

- Apartment or house owners

*Micro, small and medium - sized enterprises will adhere to the EU definition as per OJ L 124, 20 may 2003, p36

Eligibility assesment:

1 **GEFF** makes green financing simple and easy through **Technology Selector**, a special online tool for selecting the high efficiency technologies, that meet defined minimum performance requirements available at: www.ebrdgeff.com/tajikistan

2 Some green investments can benefit from specific solutions that are not obvious or available under the simple "pre-approved" approach. In these cases, the GEFF Tajikistan team provides expert advice at various stages of project implementation to ensure that the investment proposal is technically eligible, ensuring the most appropriate green technologies and services are financed using GEFF.

Examples of eligible technologies:

- Equipment modernization

- Solar PV & collectors

- Biomass boilers

- LED lighting

- Insulation materials

- Energy efficient domestic appliances

- Rain water harvesting and storage

Benefits of investing in high-performing, resource efficient technologies:

Reduced energy, water, resource consumption and related costs

Increased productivity and reliability of equipment

Improvements in product quality and competitiveness

Enhanced company image

More comfortable houses
