

Where Finance and Green Technologies Meet

GEFF Tajikistan provides finance, technical assistance and investment incentives to the private sector to contribute to the country's sustainable growth. **GEFF Tajikistan** is a product of the EBRD, working in cooperation with the European Union, the Green Climate Fund and the Republic of Korea. The Facility operates through Participating Financial Institutions, supporting country's green economy transition with \$25 million of financing for energy and resource efficiency investments. **GEFF Tajikistan** helps businesses, farmers and households to reduce energy and resource-related costs and improve competitiveness through high performance technologies and practices.

The technical support is provided by a local **GEFF** team for various stages of project origination, investment appraisal and project implementation. This helps identify the best solutions and ensures that the investment proposal is technically eligible to be financed under **GEFF**.

GEFF benefits for private sector beneficiaries:

- Reduced energy, water and resource consumption and costs
- Better productivity and reliability of equipment
- Increased profitability and competitiveness
- Increased comfort and value of the property

Agricultural Value Chains

Eligible borrowers are micro, small and medium-sized enterprises* operating in agricultural & agribusiness sectors.

Examples of eligible technologies:

- Agri machinery
- Irrigation pipes & pumps
- Greenhouses
- Drip irrigation systems
- Agri processing equipment
- Cold storages
- Intensive orchards

In partnership with the EU, GEFF Tajikistan offers incentives to enhance the competitiveness of Tajik farmers and agribusinesses. **Investment grants worth 20% or 30% of loan amount are available for successfully completed and verified projects.**

Commercial | Residential

Eligible borrowers are micro, small and medium-sized enterprises* and households.

Examples of eligible technologies:

- Equipment modernisation
- Energy efficient domestic appliances
- Biomass boilers
- LED lighting
- Insulation materials
- Solar PV & collectors
- Rain water harvesting and storage

Suppliers and vendors of high-performing equipment and materials are also eligible for **GEFF** loans. By partnering with **GEFF** vendors will benefit from increased brand awareness and sales.

*Micro, small and medium - sized enterprises will adhere to the EU definition as per OJ L 124, 20 may 2003, p36
