Where finance and green technologies meet

Agricultural machinery

GEFF Tajikistan provides finance, investment grants and technical assistance to promote sustainable development and private sector investment. Farmers and businesses across agricultural value chains can adopt high-performing technologies to improve competitiveness through enhanced management of resources. Investment grants, funded by the European Union, are available upon successful project completion and verification.

This project is funded

In partnership with:

GREEN
CLIMATE
FUND

This project is funded
by the European Union

Benefits for farmers:

Increased labour efficiency and output per worker

Increased crop yield due to farm mechanization

Additional income through the provision of services to other farmers

Overall increased production and farmer income

Case study:

A local farmer from the Lakhsh district invests in a modern tractor and increases his income by providing mechanized services to other farmers.

A local farmer Mr. Sultonov from Lakhsh district, upon purchasing a new **80 hp** wheeled tractor was able to not only cultivate his own farm, but also provide services to other **6** neighboring farms.

Payback period: **3 years** | Annual fuel savings: **2325 liters**.

Eligible borrowers:

Eligible applicants are private sector companies and farmers:

Micro, small and medium - sized enterprises* along the agribusiness value - added chains

Investment grants of **30%** of the loan amount are available upon successful completion and verification of the project

*Micro, small and medium - sized enterprises will adhere to the EU definition as per OJ L 124, 20 May 2003, p. 36

Technical criteria:

Grant payment will be made after the completion of the project and successful verification by an independent Verification Consultant.

Eligible tractors:

- specific fuel consumption maximum torque of not more than: 233,570 g/kWh
 - trailed equipment: individual assessment required
- The following documents should be provided for the verification of the project:**

- contract
- invoice
- receipt
- and/or any other documentation as requested by the Verification Consultant.

The **GEFF** Project Consultant maintains the list of recommended producers, suppliers and vendors of eligible technologies and can support you with the identification of eligible technologies, selecting and contacting reputable vendors.
